Marine Barracks Washington

WHO WE ARE

Marine Barracks Washington, D.C., also known as "8th & I," is the oldest active post in the Marine Corps. It was founded by President Thomas Jefferson and Lt. Col. William Ward Burrows, the second commandant of the Marine Corps, in 1801.

Located on the corners of 8th & I Streets in southeast Washington, D.C., the Barracks supports both ceremonial and security missions in the nation's capital.

The Barracks is home to many nationally recognized entities, including the President's Own United States Marine Band, Commandant's Own Drum and Bugle Corps, the Marine Corps Color Guard led by the Color Sergeant of the Marine Corps, Marine Corps Silent Drill Platoon of Alpha Company, and the Marine Corps Body Bearers of Bravo Company. It is also the site of the Home of the Commandants, which, along with the Barracks, is a registered national historic landmark.

WHAT WE DO

Marine Barracks Washington, D.C. provides the requisite units as directed by the Commandant of the Marine Corps for parades and ceremonies, funerals, dignified transfers, installation level services, security at designated locations to all residents and assigned units, and security and musical support to the President of the United States through the Presidential Support Program and United States Marine Band, in order to support the United States Marine Corps strategic communications plan, keep faith with Marines worldwide, and tell the Marine Corps story.
